

COMPANY ACCOUNTANT

KEY FOCUS

As the leader of the finance team and working directly to the CEO you will be responsible for:

- the overall financial management of Seeing Machines focusing on the maintenance of a strong financial management framework and effective financial controls.
- the provision of high level advice to the Board and Management on the financial performance of all aspects of the business.

KEY RESPONSIBILITIES

- Lead and manage the deliverables of the Finance team to achieve organizational objectives. Key areas include accounting, budgeting, taxation (company Tax, FBT & GST), asset management, and risk management;
- Provide high level strategic financial management advice to the CEO, Senior Management, Executives and the Board to meet its legal compliance obligations;
- Undertake business costing and modelling and provide detailed analysis and advice in relation to product lines, business operations and specific projects;
- Manage and monitor cash flow as well as provide advice to the Board & executives on accounting issues;
- Oversee month end processing and provide high level reporting to Management and the Board;
- Prepare annual and half yearly financial statements;
- Oversee financial systems and procedures;
- Prepare and monitor budgets, including financial modeling to support growth and expansion opportunities;
- Responsible for monthly financial reporting on specific projects to enable oversight and analysis of the various initiatives that are being undertaken;
- Monitor compliance with corporate financial policies and procedures and ensure consistency within the organisation;

While strong technical financial skills are a must, the position also requires someone who is at their best when working in a team environment to achieve company objectives.

Applicants must be able to live and work in Canberra, Australia.
