

Seeing Machines Limited

14 July 2021

Seeing Machines moves to SETS trading platform

Seeing Machines Limited (AIM: SEE, “**Seeing Machines**” or the “**Company**”), the advanced computer vision technology company that designs AI-powered operator monitoring systems to improve transport safety, announced that the Board has approved a transition for trading of the Company’s shares on AIM from the London Stock Exchange’s SETSqx (Stock Exchange Electronic Trading Service: Quotes and Crosses) trading platform to its SETS (Stock Exchange Electronic Trading System) platform, effective Monday 12 July 2021.

This move is intended to provide investors with access to the entire SETS system, providing liquidity via traditional order book trades, as well as firm two-way quotes from market makers.

Seeing Machines (LSE: SEE), a global company founded in 2000 and headquartered in Australia, is an industry leader in vision-based monitoring technology that enable machines to see, understand and assist people. Seeing Machines’ technology portfolio of AI algorithms, embedded processing and optics, power products that need to deliver reliable real-time understanding of vehicle operators. The technology spans the critical measurement of where a driver is looking, through to classification of their cognitive state as it applies to accident risk. Reliable “driver state” measurement is the end-goal of Driver Monitoring Systems (DMS) technology. Seeing Machines develops DMS technology to drive safety for Automotive, Commercial Fleet, Off-road and Aviation. The company has offices in Australia, USA, Europe and Asia, and supplies technology solutions and services to industry leaders in each market vertical.
